Dear Animas Customer,

Animas Exiting the Market

As you know, we made the difficult decision to exit the insulin pump market. Moving forward, it will be necessary that you make a change to your pump provider. We have partnered with Medtronic to make the transition as smooth and simple as possible for our valued customers, and new programs are now available.

New and Expanded Animas Exchange Program

- If your Animas pump is still in warranty, you are eligible^{*Δ} to exchange it for the MiniMed™ 630G or MiniMed™ 670G pump *at no cost to you*.[†]
- Between now and **April 26, 2019**, you can trade in your Animas pump supplies for an equivalent amount of Medtronic pump supplies.^{‡Δ}
- If you are interested in CGM, you are eligible to receive the CGM Starter Kit offers. Contact Medtronic for specific details.^Δ

Act Now to Avoid Any Interruption in Your Pump Therapy

We know it never seems like a good time to make the change, but we urge you to take advantage of these programs to avoid any interruption to your pump therapy. Ultimately, the choice of therapy options is yours, but the goal of our partnership with Medtronic is to ensure your transition to another pump goes as smoothly as possible.
